Channel Capacity	16
Channel Spacing (KHz)	25 / 12.5
PLL Channel Stepping (KHz)	5 kHz, 6.25 kHz
Operating Voltage (v)	7.4
RF Power Output (w)	VHF: 5W / 2W UHF: 4W / 2W
Battery	1650 mAh (Li-Ion)
Battery Life (5-5-90 duty cycle)	14 Hours
Frequency Stability (ppm)	± 2.5
Operating Temperature (F°)	-4° ~ +149°
Antenna Impedance (Ω)	50
Dimensions (H x W x D)(in.) (with battery, without antenna)	4.44" x 2.13" x 1.34"
Weight (with antenna & battery) (oz.)	9.87 oz.

TC-508

Professional Two Way Radio

Kit includes:

- TC-508 Radio
- Lithium ion battery
- Battery charger
- Antenna
- Belt clip
- Wrist strap
- Programming
- Manual

Optional Accessories:

MCA02 (6) radio multi-charger

The multi-charger can rapidly recharge the batteries in up to 6 radios. This is a convenient option for customers wanting to keep their radios in a central location for easy storage and recharging each day.

SM08M3 Remote speaker mic

The remote speaker mic allows the user to wear the radio on a belt clip and the speaker can be positioned on a shirt or jacket so calls coming in can easily be heard. Calls out can be sent with one button.

HNK100 Headset with PTT

The noise canceling headset is designed for loud environments and can be worn under hardhats. The headset includes a inline push to talk (PTT) button. This makes it convenient to talk with the touch of a button.
